500	10	\$75,000
2000	10	\$300,000

# **Risk Free Fund Raising**

## **WE WILL SHOW YOU THE MONEY...\$\$\$\$\$\$**

Golfbox.com's fundraising program combines the most popular affluent sport in the world...golf, with your school/team fundraising activities and ends up with one great fundraising program for your school.

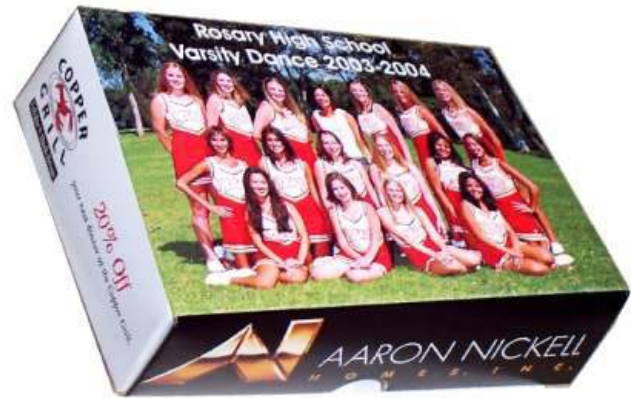

**Program 1 DOUBLE YOUR MONEY.** Imagine your school or team logo on a golf ball then the team picture will be used for the packaging. This added personalization makes selling the items incredibly easy. It adds spirit to your fundraising. You can do several different team photos on the packaging or do some with just the school/team logo on the box. There is a 42 piece minimum as a starting point. We do all the artwork for box design, you just need to provide the school logo and the photos. We even ship for free! Costs range from \$8.75 per box with suggested selling price of \$15.00 to \$20.00 depending on the ball chosen.

### **Program 2 RISK FREE TOTAL PROFIT!**

This program takes all the features of program 1 and adds another twist. You get sponsors from local companies to go on the box. You collect this sponsorship from 1 or several sponsors. We add the sponsors logo or coupons to the package giving them the advertising benefit as well as a tax deductible donation.

You can collect enough to pay for the program up-front. Then all profit from the sale of golf balls goes to your school! Once again all setup is provided free and free shipping is included.

Call us today to discuss how this great program can raise money for your school/team!

Notice the 2 different sponsors on the side panels of the packaging. You can sell as many sponsorships as you like. There is no charge for adding their logo or coupons to the packaging!
